

# Commerce Bond Fund

**Ticker: CFBNX**

Five-Star Overall Morningstar Rating  
based on risk-adjusted performance as of 6/30/2019  
out of 343 funds for the Intermediate Core Bond Fund Category

**Fund Objective:** Seeks total return through current income and, secondarily, capital appreciation. The Fund pursues this objective through investment in a diversified portfolio of investment-grade corporate debt obligations and obligations issues or guaranteed by the U.S. government, its agencies or instrumentalities.

**Past performance is no guarantee of future results.** Current ratings may be lower or higher. For the most recent month-end ratings ask your financial advisor or visit [commercefunds.com](http://commercefunds.com). There is no assurance that the stated objectives will be met. Certain funds shown have experienced negative performance.

The Commerce Bond Fund was rated against the following numbers of Intermediate Core Bond Funds over the following time periods: 343 funds in the last three years, 302 funds in the last five years, 227 funds in the last ten years. With respect to these Intermediate Core Bond Funds, Commerce Bond Fund received a Morningstar Rating of 5 stars, 5 stars and 5 stars for the three-, five-, and ten-year periods respectively. A Fund's performance may be affected by risks that include those associated with nondiversification, non-investment grade debt securities, high-yield/high-risk securities, undervalued or overlooked companies, investments in specific industries or countries and potential conflicts of interest. Additional risks to a Fund may also include, but are not limited to, those associated with investing in foreign securities, emerging markets, initial public offerings, real estate investment trusts (REITs), derivatives, short sales, commodity-linked investments and companies with relatively small market capitalizations. Each Fund has different risk. Please see a Commerce Funds prospectus for more information about risks, Fund holdings and other details.

Source: Morningstar, Inc. The Morningstar Rating TM is calculated for funds with at least a 3-year history based on a risk-adjusted return measure that accounts for variation in a fund's monthly excess returns. Exchange-traded funds and open-ended mutual funds are considered a single population. In each category, the top 10% = 5 stars, next 22.5% = 4 stars, next 35% = 3 stars, next 22.5% = 2 stars, and bottom 10% = 1 star. Overall rating is derived from a weighted average of the returns associated with its 3-, 5-, and 10-year (if applicable) rating, excluding all sales charges. Weights are based on the # of months of total returns: 100% 3-year rating for 36-59 months, 60% 5-year rating/40% 3-year rating for 60-119 months, and 50% 10-year rating/30% 5-year rating/20% 3-year rating for 120 or more months. ©2019 Morningstar, Inc.
