Commerce Investment Advisors ranked #1 out of 67 eligible firms in Lipper Inc.'s fixed income Small Company universe for the three-year period ended 11/30/13, based on risk-adjusted returns. Lipper's Small Company universe is comprised of fund families with less than \$50.7 billion in total net assets. Only fund families with at least five bond funds were eligible for the fixed income funds manager award. Asset Class Group Awards are given for the three-year period only. Lipper Classification Awards are granted annually to the fund in each Lipper classification that consistently delivered the strongest risk-adjusted performance (calculated with dividends reinvested). Fund Classification Awards are given for three-year, five-year, and ten-year periods. The funds did not win the awards for other time periods. The individual funds may not have ranked number one in their categories.

Past performance does not guarantee future results, which may vary. To obtain the most recent month-end returns, please visit our website at www.commercefunds.com.
