## IMPORTANT NOTICE – THE USA PATRIOT ACT

To help the government fight the funding of terrorism and money laundering activities, Federal Law requires all financial institutions to obtain, verify and record information that identifies each registered owner of an account. In some cases, The Commerce Funds may also take additional steps to verify the identities of individuals with authority or control over the registered owner, including persons able to effect securities transactions on behalf of the registered owner.

What this means for you: When you open an account, we will ask for your name, address, date of birth and other information that will allow us to identify you, and we may ask for similar information regarding individuals with authority or control over you as the registered owner. We also may ask to see government-issued identifying documents. This information will be used to verify the identity of all investors opening a mutual fund account. To the extent permitted by applicable law, The Commerce Funds reserves the right (i) to place limits on transactions in any account until the identity of the investor is verified, or (ii) to refuse an investment in the Funds or to involuntarily redeem an investor's shares and close an account in the event that The Commerce Funds is unable to verify an investor's identity.
